WHITE MAN JAILED ON SERIOUS CHARGE

Ozark Star says:

A white man, by the name of Bane, was placed in the county jail one day last week on a very serious charge and if guilty should be given the full penalty of the law. Bane lives below the river in Beat 6 and is charged with beating his ten months old baby unmercifully, inflicting upon the mother a reported to the officers the baby was nearly dead, having been whipped and cuffed about by the father. No punishment can be to severe for such conduct. Infact if the charges are true the sooner a community rids itself of such cattle the better off it will be, and if method is used to get rid of such people. The child we understand has been placed in the hands of the child welfare department and will be properly cared for.

MUCH INTEREST SHOWN IN VETCH CAMPAIGN; LARGE ACREAGE TO BE PLANTED MARKETING SERVICE TO ALL FARMERS

M. H. Pearson, Soil Specialist and District Agent from Auburn spent four days in Coffee County last week working with the County Agent on the Soil Building program. Of the five hundred farmers hearing the story of how hairy vetch, the winter legume and cover crop, will make two ears of corn grow where only one grows before, 100 farmers bought seed and the co-operative shipment and will establish demonstrations on their farms hereafter. The Coffee County, Mr. Pearson states that the farmers of Coffee County responded to the appeal for better soil building in a most enthusiastic manner, and was well pleased with the week's work. Two additional orders have been made for seed since the campaign started. Total tonnage for the county to date amounts to 75,000 pounds.

Market Service To All Coffee County Farmers.

Our job is not only to assist in growing more and better crops, but assist farmers in marketing their products in the most economical manner. To that end we request that every farmer in the county desiring assistance in marketing any crop you may have this year, send us your wants, stating the commodity, amount and when sale is desired. We will not promise to get a big price for you but we will guarantee to render every assistance possible in order that you may receive the highest market price for your produce.

Attention to the Pig Club Members.

Now is the time boys to push those pigs and get them ready for the fall show. Every pig should weigh not less than 250 pounds by the first of November. See above all that these pigs are not kept penned, but get plenty of exercise every day, as exercise is as essential as plenty of feed to make a brood sow.

DR. W. P. HURT PREACHED HERE SUNDAY.

Dr. W. P. Hurt, Presiding Elder of the Troy District, was here Saturday and Sunday, having come down to hold the fourth quarterly conference for the Elba charge. The conference was held at Ham's school house Saturday morning, and Dr. Hurt also preached at the noon hour at that place.

On Sunday Dr. Hurt filled the pulpit at the Methodist Church in Elba, both at the morning and evening hours. He is a very able preacher and his sermons are always enjoyed by those who hear him.

County One-Mill Tax To Be Voted On Soon

The attention of all the friends of education is called to the one-mill school tax election to be held in Coffee County September. This tax has been in effect in this county for many years but the time for which it was voted having expired, it must be passed again. We repeat, this is no new tax but a continuance of a tax that has been in force many years. This is one of our most important school taxes, for which the people of the county pay only about \$8000 under the State matches this with an additional \$8000, making \$16000 in all. Should the tax fail to carry, our schools would lose the whole \$16,000, which is nearly 20 percent of the school revenue of the county. A course that would cut the school term a full month making the term only five months instead of the six month term at present.

MISS ODELL WILL TEACH IN HIGH SCHOOL

Announcement has just been made that Miss Vesta Odell, of Pisgah, Ala., has accepted a place as teacher in the Elba High School. Miss Odell is a graduate of Judson College and has had considerable training at Peabody College and the University of Alabama, and has also had several years experience in high school work.

With the acceptance of Miss Odell as one of the teachers the faculty for this coming year is complete. Other members of the faculty have already been announced. The schools here will open on Monday, September 1st, and everything is being put in readiness for the opening. Indications are that the attendance will be very large and a very successful year is being anticipated by school officials.

MR. AND MRS. RUSS ENTERTAIN FOR VISITORS

A most enjoyable picnic was given on Thursday evening at the Pea River Power Company's plant by Mr. and Mrs. M. Russ honoring their visitors, Messrs. Nacine and Myrtle Ingram and Julia Hollis, of New Brockton, Billie and Vera Boyd of Richburg.

An elaborate and delicious luncheon was served with a sauce of laughter and merry-making, to the delight of all. Later in the evening the party returned to the host's home. Here they enjoyed a watermelon cutting and dancing.

Again on Friday evening these visitors were entertained by Mr. and Mrs. Russ with a Bridge party. The house was lovely with a profusion of garden flowers. The arriving guests were served punch by Misses Ham and Liebert. After many spirited games, an ice course was served. Mr. and Mrs. Russ made ideal hosts and their affairs they give are always anticipated with great pleasure.

Messdames M. W. Wise, of Opp, and S. M. Hamner, of Northport, Ala., were guests of Mr. and Mrs. C. P. Lee for several days last week.

Just received a solid car load of FIELD FENCE. Bonneau-Jeter Hdw. Co.

Mrs. Corrie Bryant and Miss Luna Delle Bryant returned to their home Friday night from a two weeks visit to relatives in Pinckard, Dothan, and Enterprise.

Mr. and Mrs. Dan Thomas and children have returned to their home from a visit to Camp Walton, Valparaiso, Fla. and other points of interest.

New Course of Study Is Outlined; Few Changes

As a large number of the school books has been changed we give a list of the books used in the first six grades, noting by each which books are new and which were not changed. In every instance educators over the state agree that the change was an improvement over the other book used. Of course, the buying of so many new books will mean quite an expense to some patrons, but we have gone eleven years without any material change in books and many of the books were as out-of-date as a 1914 Ford, for ideas in teaching have progressed wonderfully during the past decade both as to method and subject matter.

Small Fire Tuesday At Speer-Harris Mill

The fire alarm was given Tuesday morning about 11:30 when flames were discovered at the planer mill of the Speer-Harris Lumber Company. The shaving house at the boiler, together with the frame work around the large steel tank, were damaged considerably before the flames were put out. On account of the distance of the plant from a fire plug, considerable difficulty was experienced in reaching the fire with the hose. The damage was not very heavy.

WEATHERFORD—LOE—

A marriage that will come as a surprise to their many friends was that of Miss Naomi Loe, daughter of Mrs. F. A. Loe, of this city, and Frank Weatherford, of Chattanooga. The ceremony was performed at the Perry Street Methodist church, on Saturday morning, Rev. R. J. Mills, pastor of the church, officiating, in the presence of the immediate families, with a bridal couple, and a few of their intimate friends.

Miss Loe is a popular member of the younger set, and for the past three years has been a student at Alabama College at Montevallo, where she specialized in music.

Immediately after the ceremony, Mrs. Weatherford left for a trip through Georgia, Tennessee and other points. While in Tennessee, they were the guests of Mr. Weatherford's parents. They will return from their wedding trip in three weeks, when she will be welcomed by her friends in this city, with a series of parties. An elaborate reception will be given for her by her mother, at her home at 59 Mobile street, upon her return.

After a short visit here, Mr. and Mrs. Weatherford will go to Elba, where they will make their home.

The above announcement which appeared in last Sunday's Advertiser will be read with interest by Elba people. Mr. Weatherford has made Elba his home for the past several months, being a valued employee of the A. C. L. Railroad. During his stay he has made many friends who will be interested in the announcement of his marriage.

Mr. and Mrs. Jim Ham and Mrs. Laura Kimmey, of Seagrave, Fla., were guests of relatives here last Thursday. Their daughter, Miss Madie Ham returned home with them.

Mrs. C. W. Hannon and children have returned from a month's visit to Titus, Ala. Mrs. Hannon has as her guest, her son, Mr. Arian Hannon, of Birmingham and Miss Audrey Harry, of Titus.

Just received a solid car load of FIELD FENCE. Bonneau-Jeter Hdw. Co.

Reader, (new) basal.
Spelling—Arnolds, Mastery of Words, 6th grade, (no change).
Writing—Grammar Grades Book, (new).

Note: In many instances, (as in reading) several books will be used although we give only the first book to be used. Where no notation is made as to "new" or "no change" we were not certain whether the book is the exact book or not. In all changes, your old book has an exchange value ranging from 1c to 20c. For instance take your last year's 6th grade Grammar when buying your new 6th grade grammar and exchange paying 40c instead of 49 cents.

The course of study for Junior High School will be given next week.

A Scholarship Fund For Elba Schools

Notice has been given that the compulsory attendance law will be enforced this year. This means that every child of school age, from 1st thru 6th must attend for the compulsory period.

Now there are several children in the Elba district whose parents CANNOT pay the school tuition fee this year; nor can the school afford to make their tuition free, for since the County Board cut appropriation over \$900.00, we must raise nearly \$5000.00 above the State and County appropriation to meet the bare school necessities.

Here's the proposition: Are there 10 good hearted men and women in Elba who will buy from one to five Scholarship Tickets in grammar grades for children whose parents absolutely CANNOT pay their tuition?

Mr. John Amnor has already joined this movement and says we can count on him for at least one.

COME ON, let's see that these poor boys and girls have an equal chance!

Just drop me a line saying: "I want to stand good for one, (or any number desired) Scholarships."

MISS HAM HOSTESS TO FIVE HUNDRED CLUB

Miss Lurline Ham was the genial hostess on Tuesday afternoon of last week when she entertained the Five Hundred Club. Summer flowers were used to decorate the living room where three tables were placed for the games.

At the conclusion of the games a very attractive looking and delicious salad course was served to the club members and Misses Mabel Brunson and Elizabeth Sanders, and Mesdames C. P. Lee, Vardye Wright and John Brunson.

Swimming Party For Visitors—

Misses Helen Avery of Dothan and Francis Hutchison of Enterprise, the attractive guests of Mrs. Edgar Carlisle, were the inspiration of a swimming party at Hutchison's pool on Thursday evening.

A tempting picnic supper was served during the party. After an hour spent in the water.

Mr. W. L. Burnside returned to Elba the latter part of last week from Augusta, Ga., and other places where he has been visiting relatives for several weeks.

Just received a solid car load of FIELD FENCE. Bonneau-Jeter Hdw. Co.

Mr. and Mrs. M. C. Russ have had as their guests, Misses Nadine and Myrtle Ingram and Julia Hollis of New Brockton, Billie and Vera Boyd, of Richburg.

FOR SALE—Benthall Peanut picker, 1 seven horse Hercules engine, 1 International hay press. For further information see or write A. L. Goodson, Arcus, Ala.

Mr. and Mrs. J. D. Clark and daughter, Olivia, who have made Elba their home for the past three years left last Friday for Macon, Ga., where they will reside. They have made many friends during their stay at Elba who regret their moving away, but wish them much success and happiness in their new home.

Mr. and Mrs. W. F. Cooper motored the Columbus, Ga., Sunday to visit Mr. and Mrs. S. C. Butler. They were accompanied by Mrs. J. W. Stone and son, Harry, who will be the guest of Mrs. Margaret Brinson.

New Home Singing.

There was a Sacred Harp singing school begun by Mr. J. Sanders August 6, 1924 at New Home Baptist church. He taught nine days and had fifty-five pupils enrolled, both old and young. Every one seemed to be interested in learning to sing Sacred Harp Music. Mr. Sanders is one of the best teachers. He gained the love of every person and we hope to have him again some day.

The school closed Friday August 15, and we all met with the people of this and adjoining communities to sing together.

The class was called to order by the teacher Mr. J. J. Sanders, who was elected chairman. He sang a few songs and the committee reported a lesson by four, three songs each: George Martin, W. L. Andrews, L. E. Herring and J. W. Blair. Recess ten minutes.

The class called to order by Mr. Sanders singing a few songs. The committee reported a lesson by four, three songs each: A. W. Addison, J. W. Bowden, Roscoe Perswell and W. H. Helms. Closed for one hour and a half for dinner. Everybody enjoyed the dinner that was prepared.

Old Folks' Ailments

"I began taking Black-Draught fifty years ago and my experience with it stretches over a good long time," says Mr. Joe A. Blake, more, a Civil War veteran and former Virginian, who is now a prominent citizen of Floyd, Texas. "It is the best laxative I know of for old people. A good many years ago, in Virginia, I used to get bilious and I found that

Thedford's

BLACK-DRAUGHT

was the best and quickest relief I could get. Since I have taken it to Texas I have these bilious attacks every now and then—a man will get bilious any where, you know—and I find that a little Black-Draught soon straightens me out. After a few doses, in little or no time I am all right again."

Thedford's Black-Draught is a purely vegetable liver medicine, used in America for over eighty years. It acts on the gall and soft water, bringing the water to the boiling point, adding a gallon of kerosene and emulsify by stirring vigorously. The mixture diluted with 3 gallons of water will spray 35 to 40 cows.

Liberty News

Some fever in our midst now. But most every one is doing fine.

Quite a number of Clay county people visited relatives here last week. Among them were Mr. and Mrs. L. B. Royster, Mr. Dillard Gaither, Mr. Marion Williamson, J. B. Royster and E. Willis.

Mr. Frazier, of Samson, who has been visiting her daughter, Mrs. J. J. Kendrick, has returned home.

Mr. Joe Allen, who has been teaching singing school at this place, closed his school Friday evening and left Saturday morning for his home in Clay county.

There was much interest taken in the school and it has done much good. Friday the people came from every direction and there were lot of good singers, and every one seemed to enjoy the day. Now every one come on the second Sunday evening and bring your books and let's have a real good singing.

Last week Rev. Jones, the blind preacher, preached at Mr. Olive. Only those who know him can tell what a treat it is to hear him. Some times he just bubbles over with eloquence. He has a drawing power and great crowds go to hear him.

Brother Helms was at his post Sunday and the house was filled and he was at his best. I am glad to say the country people are attending church more and more. While a few have gotten old and sit around home, losing the best part of life. A man who can put on his shoes can go to church if he will try.

As Mrs. Boland is in Georgia it is a lonely time to me, while there are a lot of pleasant things too. Now we have been on this life way together over thirty years and I did not know that any thing could check this has turned weeks into months, train of life, but her absence but I look for her back. It is so sad for those where their loved ones are. Oh how we companions have crossed the neglect such ones. Sunday school was good and our teacher gave us some real good things to think over, and Brother Kerish is taking much interest in us and every one enjoys his sermons. I wish the people could wake up and see the beauties of this life.

Next Sunday we will have a rally day, with some good speakers. Suppose Judge Carley will speak at ten o'clock. Preaching at 11, dinner and Brother Kerish is taking much interest in us and every one enjoys his sermons. I wish the people could wake up and see the beauties of this life.

Hydro-Electric Power Service -and the Farm

EXTENSION of power service to Alabama farms—that those who live in rural districts may enjoy the same conveniences as city dwellers—is the ultimate hope and aim of investigations now being made by the Agricultural Experiment Station of the Alabama Polytechnic Institute at Auburn with the cooperation of Alabama Power Company. Under this co-operative plan, engineers of Alabama Power Company and agents of the Experiment Station at Auburn are conducting research work and investigations with the hope that practical means may be found to supply Alabama farms with central station electric service.

APPROXIMATELY 40 miles of experimental rural lines have been built or are now in process of construction in different sections representative of Alabama's diverse farming interests. Four lines, 12 miles in length, are being used in Madison County near Huntsville and one 5 mile line in Jefferson near Gardendale; another 4 mile line is building now in Chambers County near Five Points and one, 8 miles in length, in Elmore County, near Elmore; an 8 mile line has been authorized in Elmore County near Electric and a two mile line in Jefferson County near Edgewood.

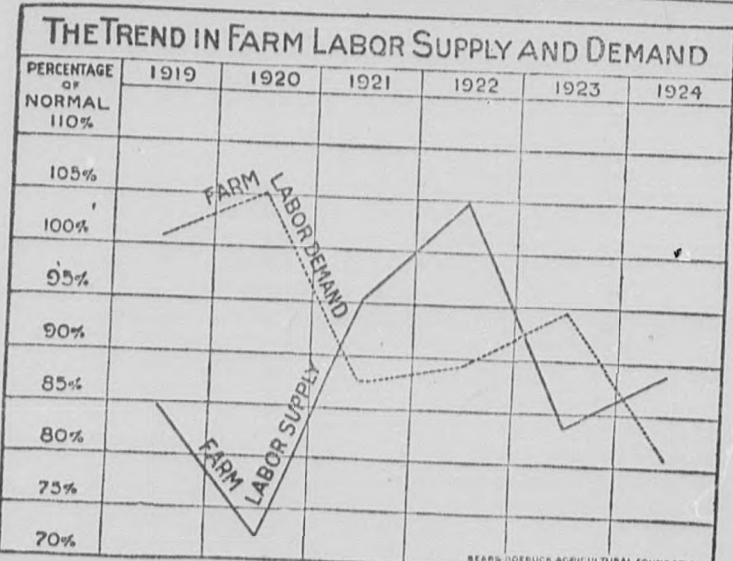

RESEARCH work is being carried on at the Institute in connection with milk sterilization, incubation, poultry lighting for egg forcing, hay curing, sweet potato curing, dish washing, dehydrating fruit and vegetables, storing farm products and many other practical every-day uses.

FARMERS on routes of experimental rural lines are being urged to install these and other labor saving devices which may be operated with electric current, and which will lighten farm work for both the farmer and the housewife on the farm.

WHILE investigations are yet in the experimental stage, Auburn and Alabama Power Company officials are hopeful that the research work now being carried on will develop that electric service can be supplied to many rural communities by developing now and useful applications of electric energy to agriculture's needs.

Farmers are cutting down hired help. The demand is estimated at only 50 per cent of normal as compared with 100 per cent a year ago, according to a statement issued by the Washington office of the State-Robinson Agricultural Foundation based on data from government sources. The low purchasing power of farm products has forced the farmer to reorganize his operations. He is coming to depend largely on his own and his family's labor. In many cases the hired man is being dispensed with entirely.

Farm help costs more today than at any other time in the past sixty-one years. Wages demanded are higher than a year ago and rates for 1923 averaged above all preceding years. The peak year in the wage scale was in 1920. That year labor was scarce. According to the accompanying chart, in June of 1920 the supply was but 70 per cent of normal, while the demand was 105 per cent of normal. During the latter half of 1920 and through the first six months of 1921, the labor supply curve took a sudden upward swing, and in June of 1921 it was 95 per cent of normal, while the demand was but 80 per cent normal. Until in June of 1922 the supply curve continued to rise, reaching its height at 105 per cent of normal, while the demand was but 80 per cent normal. Large industrial centers drew farm help cityward. Farmers had to pay wages out of proportion to the value of the crop. The demand for labor was excessive. Labor costs and now it is but 51 per cent of normal, while labor supply, which is gradually increasing, is estimated around 50 per cent.

Samson Ledger says: Boso Weeks, a young man living near Coffee Springs, had an arm almost severed by a wood saw Monday, dying about six hours later. Physicians decided that amputation was necessary, which was accomplished. But Weeks failed to rally from the operation. It is said that Weeks was underneath the saw table clearing away saw dust and other debris, when his arm was caught and nearly cut off. The body was embalmed and funeral arrangements postponed until arrival of a sister who lives in New Mexico.

The deceased was a son of Marion Weeks, and is survived by a young widow in addition to other relatives.

TELEPHONE PHOTOS. It takes less than five minutes to transmit a picture over long distance telephone wires. Distance makes no difference in the speed and accuracy of transmission. The apparatus, as at present adjusted, will transmit a picture 5 inches by 7 inches. The picture is received in such form that after opening it is ready for newspaper or other reproduction. Line drawings, handwriting and printing, if not too small, can also be transmitted. Films while still wet can be used for transmission, so that the system eliminates the delays which would otherwise be caused by drying.

VOLUME XXVIII.

COUNTY AGENT GIVES INSTRUCTIONS ON COTTON POOLING; 4 STORAGE HOUSES IN COUNTY; ALL FARMERS SHOULD POOL

As soon as your cotton is ginned carry it to one of the warehouses designated in your letter from Montgomery Office one at Elba, two at Enterprise and one at Kinston, get a regular Farm Bureau Warehouse receipt from the Warehouseman, carry it to the bank if you want to draw your \$75.00 per bale, and the banker will fix you up. If you do not wish to draw on your cotton as soon as you get your warehouse receipt, get your local warehouseman or your local banker to assist you in making out an invoice and mail warehouse receipt attached to this invoice direct to Alabama Farm Bureau Cotton Association in Montgomery. You will retain a duplicate of this invoice. At any future date if you desire money on your cotton simply drop them a card and they will mail you check for amount up to \$75.00 per bale.

All Farmers Should Pool Their Cotton.

If the price of cotton is beat down it will be the fault of the growers themselves and will be a temporary affair. There is sufficient demand for cotton, and business in general is becoming so good that we know that the average price of cotton this year will be considerably above the price paid on the streets at this time. Just think, corn is worth \$1.25 per bushel and hogs sold in one town last week for \$13.00 per hundred. Of all years the good Lord has given us, this one is a cotton pooling year, and we would like for everybody to receive some of the profits our members are sure to get.
